

## MOTHERS, DO THIS—

When the Children Cough, Rub  
Musterole on Throats  
and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frostbites and colds of the chest (it often prevents pneumonia).

## THIS STOPS HAIR FROM FALLING OUT

Ever count the dead hairs in your comb and brush? They are nature's warning of future baldness and proof that the dangerous dandruff germ is busy on your scalp. Dr. Sangerbunt, the famous Paris specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that they can be quickly rid of dandruff and save their hair by using Parisian Sage. Parisian Sage is sold by the Red Cross Pharmacy and good druggists everywhere. It's inexpensive, daintily perfume, free from stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant. Adv.

### EAST MONTPELIER

Francis Leith of Barre has begun to remove the buildings lately purchased from Lillian Simonds by Bennett Arbuckle to the premises of the latter.

Since early winter Mrs. Lee Chandler has been catering to a large number of feathered guests. Among her first visitors were many bluejays that were such voracious foragers that the suet had to be put in wire baskets so that it could be eaten but not carried away. Evidently the jays did not like that service, for they did not stay around long after the iron cages for food were used. But the red-breasted nuthatches, the chickadees, woodpeckers and the black and white creepers have feasted daily, both on the suet and from crumbs in window boxes. A woodpecker frequently takes quite a large piece, then flying to a nearby tree as he ran up the trunk would thump the morsel vigorously till it disappeared within his long bill. Such a winter as this makes the feeding of birds the imperative duty of everyone.

The many friends of Mrs. Ella Stevens Sibley were grievously shocked to hear of her sudden death in Heaton hospital Friday morning. The deceased was a lifelong resident in the town of East Montpelier, beloved and respected by a large circle of friends and relatives.

Miss Lillian Simonds is passing the week at her home in Boston.

Mrs. Ellen Nye Lawrence is visiting at Mrs. Edith Willard's.

### BETHEL

Mrs. Vian L. Allen, 72, died of pneumonia Tuesday. Mrs. Vian L. Allen, aged 72 years, died yesterday morning at the Greene sanatorium after a few days' illness with pneumonia, following grip. Her first husband was William Nichols of Middlebury, with whom, early in their married life, she went to Mankato, Minn., when that part of Minnesota was newly settled. She remained there 21 years and then with two of her sons returned to Vermont. Her second husband was Samuel Bowen, and after his death she married the late Luke P. Allen. She is survived by three sons, William C. Nichols of Eureka, Alaska, George P. Nichols and Edwin A. Nichols of Bethel, and a brother, Jason W. Abbey. The funeral will be held tomorrow at 1 o'clock and interment will be at Cherry Hill cemetery.

The annual meeting of Whitcomb incorporated school district was held last evening. J. Wesley Miller was elected a member of the prudential committee for three years, succeeding A. N. Washburn, who had served nine years and declined a re-election. C. D. Cushing was re-elected moderator; Guy Wilson, clerk; Dr. F. A. Edmunds, F. C. Putnam and D. L. Chadwick, auditors; J. A. Graham, treasurer; W. R. Briggs, collector. A tax of 90 cents was voted, with a deduction of 3 per cent if paid before Sept. 1, and a commission of 2 per cent for the collector.

R. N. Darling of Bradford was a business visitor in town Saturday.

Misses Agnes and Mildred Taylor of Woodville, N. H., were at the home of their mother, Mrs. Maribah Taylor, over Sunday.

Mrs. F. A. Chase arrived here Monday from Burlington, where she has been passing the winter. She passed some time at L. N. Hall's last year and has returned for an indefinite stay.

Mr. and Mrs. George Church of Bradford visited Mr. and Mrs. Charles Heath yesterday.

Miss Stella Lakin visited friends in Barre over Sunday.

Mrs. O. D. Eastman of Woodville, N. H., was a visitor at A. W. Eastman's yesterday.

Miss Dora Chase returned to her work at Lowell, Mass., Monday after a two weeks' stay with her people here.

To-morrow (Thursday) completes the 100th day of continuous sleighing in this vicinity and the outlook at the present time is as good for its continuation as it was in the early winter. Snow is said to be three and one-half feet deep on the level in the woods. Nature is not scrupling in length or severity of the winter this year.

### Divorce Yourself

from Pain and  
Kidney Disorder  
(By Dr. L. C. Babcock.)

Simple methods are usually the most effective ones when treating any disorder of the human system. The mere drinking of a cup of hot water each morning, plenty of pure water all day, and a little Anuric (double strength) before every meal has been found the most effective means of overcoming kidney trouble. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, aches, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

It is such a simple matter to step into your nearest drug store and obtain Anuric, which was first discovered by Dr. Pierce, of the Surgical Institute, Buffalo. Every druggist dispenses it.

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit uric acid (uratic salts) in their tissues and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air in order to sweat freely and excrete impurities through the skin. Anuric will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night, by carrying off the uric acid poison. ### MONTPELIER

The \$40 silver championship cup has been awarded the Montpelier high school basketball team, to hold until some other school wins it away. Burlington and Montpelier each have a leg on the cup, which must be won three years before the cup becomes permanent property of any school. The Montpelier team won 12 out of 14 league games played.

In the case of the Haglin-Starr company vs. the Montpelier & Wells River company to recover \$700 damages for the breaking of finished granite shipped over the defendant railroad, Atty. J. Ward Carver, for the plaintiff, argued that the granite was properly boxed by the Presbury-Coykendall company, the shipper, and that any damage resulting to the granite thereafter was the fault of the railroad. Atty. Harry C. Shurtliff, for the defendant, read a letter from the plaintiff to the Presbury-Coykendall company, alleging that the stone was improperly crated, so that it slid 17 inches sideways. He contended that this absolved the railroad from blame, as any bumping of the cars would have caused the stone to slide.

A son was born yesterday at Heaton hospital to Deputy Sheriff and Mrs. H. C. Lawson.

A son was born at the hospital Friday to Mr. and Mrs. Robert Rock of Barre. Mrs. Rock was formerly Mary Jerome.

Thomas C. Moriarty left last night for San Francisco, Cal., called by the serious illness of his sister, Mrs. Ellen Townley.

Herman Hancock of Randolph has sold his small farm in East Montpelier to William Hayden, who will live there.

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her  
Locks Dark, Glossy,  
Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Mrs. Truman Spear was called to Norwich to help in the care of the granddaughter, daughter of Mr. and Mrs. Sherman Melendy. The baby is very ill with bronchial pneumonia.

### Discouraging.

An old farmer, driving near a golf course, stopped to play the game, "What's that?" he demanded curiously. "Golf?" was the reply. "Want to try your hand, uncle?" "Don't mind if I do," declared the farmer, climbing down. The players gave him a few points and finally one pointed to a flag on a hill 250 yards away. "At the foot of that pole," he said, "is a little hole. The object is to put this ball in the hole with the smallest number of strokes." The farmer took the club, sighted for some time, and then let go a whole of a stroke. The ball soared with a mighty swoosh. It fell short, bounced, rolled and wound up a hand's breadth from the objective—a phenomenal shot that made the experienced players gasp. "By George, I missed it!" the farmer exclaimed.—Everybody's Magazine.

## Easy Way to Get Rid of Itching

Don't worry any more about that itching skin-trouble. Just get a jar of resinal ointment and a cake of resinol soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

### Choosing Your Shampoo Soap

If you select a soap that contains resinal ointment and properties like the resinal balsams in resinol soap, you are not likely to have trouble with dandruff, loss of hair or itching scalp. Ideal for the youngsters' heads.

### A Useful Man.

Some years ago an Englishman met a party of American settlers journeying westward, and got into conversation with the leader, an eminently practical man. "We only brought useful people along," said the leader. "For instance, that big man over there is our blacksmith, the man next to him is our baker, and so on."

"But," said the Englishman, "that very old fellow—surely he can't be of much use to you."

"Oh, yes, he is," was the reply. "That's grandfathers. We shall open our new cemetery with him."—Exchange.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take  
Olive Tablets

If your skin is yellow-complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
